Good morning Joe,

Would your workgroup be available July 6, 7,8? If not, do you have a date in mind? Thank you!

Dave

Subject: UIC Workgroup Roster

Dave,

Per our discussion, attached is the roster for the MSC's UIC workgroup. It would be very helpful if you could spend a half hour or so on a conference call or zoom meeting with members of the group to bring industry representative/stakeholders up to speed on the agreement EPA has tentatively reached with the Seneca Nation and the potential impacts their involvement will have on the permit application, review, and approval process.

This is important information for the industry to take into consideration when selecting potential locations and beginning the expensive permitting process.

Thanks for your consideration, Dave. Look forward to hearing back from you.
